## THE "Juggernaut" Rolls Again

The "Juggernaut" is a term that I coined some years ago to refer to the VCOI field trialers. As a group, we dominated the placements at most field trials that the group attended. We were not humble about our successes and took some flack about our prideful superiority. Well, the "Juggernaut" drew together and rose up once again to romp and stomp at the recently completed VCA National Championship in Ohio.

VCOI members took 1st and 2nd in the Open Championship. Out-of-state member, Jack Sharkey, was 1st with Hodag's Hunter and Illinois own Chuck Boegel took 2nd with Rebel Rouser Rex IV (Hank Rozanek, handling - also a VCOI member).

VCOI members took 1st and 2nd and 4th in the Amateur Championship. Out-of-state member, Al Lucas, was 1st with EK's Tripper. Illinois owner Tony Ordonez was 2nd with Reckless Ballofire, and Illinois' own Denny Keeton was 4th with Linden's Little Jessie.

In the National Derby Classic, Illinois' own Jim Gingrich took 1st with Bo Knows Birds (Bo, by the way, is currently #1 on the VCA Puppy/Derby Top Ten and when his Derby career is over, he will have set a new record for top ten points earned, eclipsing the old record set by out-of-state VCOI member Al Lucas' Semper Fi Montezuma) Second place was won by out-of-state member George Noren's Lakeside Sunny Girl Selle (Hank Rozanek handling-VCOI member). Fourth in the Derby Classic was won by Al Lucas' Semper Fi Gust O Wind.

# Meeting Minutes

The VCOI meeting was called to order at 8:10 PM by president Jim Busch. New members present were Jeff and Kathy Englesman, Herb Grossak, Mark Davis and Jenifer Baird. Our anticipated guest speaker, Lee Sienkowski, Jr. was missing due to illness. We will reschedule.

Linda Busch motioned, seconded by Tony Lucas, to accept the minutes as printed in the Bulletin.

President's Report: Jim has spoken with Iris Pechota and she will be declining future terms as VCOI treasurer. Iris is a charter member and has served the VCOI as treasurer for more than 30 years. Jim reported a favorable bank balance for Iris. We are getting good results with our increased PR efforts. VCOI has 116 family memberships and 68 single members. Jim stated we are the biggest and the Best Vizsla Club in the country. Out of 16 (first thru fourth) placements at the national field events, 10 went to VCOI members including first in every event and second in every event except puppy.

Congratulations to Tony and Ann Lucas on the induction of Willie into the VCA Hall of Fame.

Jim reported, for those who were unable to attend, that Ohio put on a great event and that they did an outstanding job.

## Committee Reports

Spring Field Trial March 5&6, 1994  
Teresa Gimbut Chairman, Mike Dalby Secretary  
Everything is going well. After the first of the year clubs are responsible for seeing that all participants wear orange in the field at AKC events.

Annual Post Christmas Party is January 22, 1994 at Tony and Gina Ordonez'. RSVP to Gina by January 17.

Spring Hunt Test February 19, 1994. Lois Greffin Chairman, Gwen Tomlinson Secretary

Spring Fun Trial February 20, 1994. Organized by Greg Hedien and Cheryl Ebert.

Futurity March 4, 1994. Managed by Jim Busch

1994 Meeting Locations: Chris Cygan has offered the back room of his store for our meetings (Petzazz, Meadows Town Mall, Rolling Meadows.) We will consider this further.

(continued on page 7)

It doesn't seem possible, and yet here it is 1994 already. Also, this is Larry and my second issue of the Bulletin, although it seems we just finished the last issue. Time flies when you're having fun! A big thank you to Sue Boggs. She sent me (on a floppy) the results of the VCA National Events, plus the results from a number of field trials. To save space I only printed the names of Vizslas and their owners/handlers. Now I know there were a lot of obedience and conformation shows this fall, and I've even heard there were majors out there! If you've been attending shows, take a moment to jot down the obedience scores and the top placements in breed. If your puppy went first in puppy dog class, wonderful, but also tell us who went best of breed, best of opposite sex, and who took the points.

Now is the time to get out that new calendar and start blocking out times for Vizsla activities. First we have the club's party on January 22 (see story page 5), then a hunt test and fun trial February 19-20, the Futurity and field trial March 4-6, and it is never too early to start planning for the July extravaganza, our double bubble, triple threat weekend that just gets better every year.

## FROM THE PRESIDENT

### FUTURITY UPDATE

The book is almost closed on the renominations for the 1994 Futurity. There is one litter from which renominations can still come in. I know of two dogs out of that litter that will probably enter. That will make 19 Vizslas eligible to enter the 1994 Futurity. I am predicting that approximately 15 Vizslas will go to the line on March 4th. Once again, the winner will receive the double Lane dog trophy, and the 1st, 2nd, and 3rd runner-ups will receive the single Lane dog trophy.

The 1995 Futurity promises to be the biggest Futurity ever. We already have 21 litters nominated and I know of several more born that most certainly will enter. I am predicting that at least 30 Vizslas will start in 1995.

If you know of a litter that could be nominated for the Futurity, speak to the breeder and encourage them to enter. If you can't think of what to say, at least tell them to call me for more information about the Futurity.

In the recently completed Nationals, there were 27 entries in the Derby. Of those 27, fifteen were Futurity eligible or entered dogs. That's great considering that most of the others were from litters born far far from the Midwest. We would like to get these litters entered also, but it probably won't happen except occasionally.

For information on how to enter a litter or on how to enter a pup from a litter that was not nominated, call

JIM BUSCH at (815) 765-2934, or if you have AT&T service, call

0-700-JVBUSCH.

## Party Party Party

Our January meeting/Awards banquet is scheduled for Saturday January 22, at the home of Gina & Tony Ordonez. The meeting will start at 6:00 pm with dinner at 7:00 pm. Everyone please bring a dish to pass and a wrapped white elephant.

The club will provide the meat (ham and turkey) and soft drinks. You may want to bring a desert, side dish, salad or a crock pot filled with a vegetable. A microwave can be made available to reheat things. Please bring a serving utensil also.

Last years party was the event of the season, the company was interesting, the food was great.

For the white elephant exchange, the prettier the wrapping, the more desired the gift. The best wrapped gifts really make the rounds, at least until they are unwrapped. A white elephant can be anything from home that you don't want. The year somebody brought a used toilet the rule was made that the gift must fit in the trunk of a car. Last year the white elephant theme seemed to be sports.

Gina Ordonez got fishing lures. Steve Gimbut went home with Blackhawks tickets.

Everyone is invited. Mark Vitkauskas should bring his wife.

We are taking RSVP's. Are you going to join us? Give Gina a call before January 17th, 1994. She is renting tables & chairs.

RSVP Gina Ordonez (708) 833-5933 ■

## *Congratulations* And *Thanks*

to The Ohio Consortium for hosting  
The Largest National Events in VCA History

The week was a series of jobs well done by Clif Boggs and his handpicked crew. It was well planned, organized, and executed. In November, the workers and participants of the Events received a newsletter published by Clif and paid for out of the proceeds of the Consortium with the results.

From Rockford 90 to 290 Chicago off at York road north (right). Follow instructions from {A} Above.

As Illinois Vizsla Breeder Referral, I speak to prospective Vizsla owners. I am asked a couple of questions frequently.

### Nutrition

I suggest that all dogs owners feed a premium quality dry dog food. **NO SUPPLEMENTS ARE NECESSARY.** Table scraps, ie: bones, trimmed fat and other food unfit for human consumption, are prohibited. Leftovers are allowed in limited quantity. Our dogs never get protein leftovers, but love leftover green beans pasta and carrots.

We feed Purina Pro Plan, and have fed IAMS and ANF with equally good results. Waynes and Science Diet are other examples... Ask other owners what they feed, and where they get it. Call around for prices, I have found as much as a \$6.00 differential on a 40 pound bag.

We purchase food at a feed store, but some of the grocery stores are good. Read labels, meat based protein is better quality than soy protein. Stay away from kibble that contains color. Dogs are color blind and some allergies have been traced to yellow and red dye. Less expensive brands may not be a bargain if you need to feed more.

Puppies need puppy food until 12-18 months. The brand we feed is 27% protein and 18% fat. Feed three discrete meals, giving no more food than the puppy can finish in 15 minutes. Don't overfeed. Drop a meal after 6 months. Our vet suggests that all dogs get two meals a day. When you switch foods, do so slowly to avoid stomach upset. It may take 10 pounds of food to change over.

### Crates

Housebreaking is easier with a crate. Dogs are a den animal. As soon as a young pup is able to learn, his mother teaches him to void outside of the den. A crate provides a

puppy with an artificial den. A safe harbor. The use of a cage will have a positive effect on your puppy. He will never learn destructive behavior. They learn instead to lie quietly while you are gone. A crate will allow your dog to take his own room where ever you travel.

Some owners suggest a wire cage. A cage allows unlimited circulation, some designs allow easy setup and compact folding, and many can be purchased with a divider that can be moved as the puppy grows. Debi Schwartz reminded me that one of the best reasons for buying a wire cage is visibility. Use of a wire cage in a station wagon or small pickup allows the driver to look out the back window. The down side is price. Travel-Aire makes a wire cage that folds, and is approved for airline travel. The cage itself (24"wX36" dX28"h) retails for \$139.99, the pan is an additional \$24.99 and the airline kit \$109.99. (The airline kit includes a waterproof canvas cover.) For \$274.97 you are ready to fly.

We use airline approved plastic crates. We use a medium size (20"wX27"dX19"h) one until the puppy is 4-5 months old. With our first few puppies, we borrowed one from a Shih Tzu owner. With our adult dogs we use a large Vari-Kennel. (24"wX36"dX26") Retail \$129.00.

The plastic crates are easy to clean, lightweight and can easily be assembled without tools. In hot weather the ventilated top can be used for the bottom for extra air flow.

Each dog needs it's own space. We keep a large crate in the house for each dog. It serves as a safe harbor when they need to be away from the family or each other. We use the intermediate Vari-Kennel for travel.

AND, in the Open Puppy Classic - YES - 1st place once again is captured by the "Juggernaut." Illinois' own Matt Weis' Askim's True Morgan took 1st place to complete a clean sweep by VCOI members. And just to make it even sweeter, the 2nd place puppy was handled by VCOI member Hank Rozanek.

It's great to read the list of achievements by our club members in the National Championships. It is even better when you realize that these placements were not bestowed by Santa, the Easter Bunny, or the Tooth Fairy. These placements were earned by hard work and dedication by the owners, trainers, and handlers.

Congratulations! Let's do it again next year (provided, of course, there is still a VCA).

## Pet Paraphernalia by Mail

by Gina Ordonez

Ever wonder where the other vizslaphiles purchase their doggy paraphernalia? Catalogs!!! I "purchased" some items on a puppy's want list from six different catalogs. A straight price comparison is unfair, shipping and handling vary and in some states, taxes apply. The inventory of the mail order houses vary also. Dogs Unlimited specializes in items for the hunter and field trialer. In addition to the full line of pet supplies that CherryBrook, Foster & Smith, and R.C. Steele carry, KV Vet Supply and UPCO add Equestrian products to the catalog. My favorite catalog is Foster & Smith. The catalog is full of all the information that a shopper needs, in addition to information about the product. "To determine what diameter bed to fit your pet measure your pet's length while lying down and add 12 inches." The catalog explains numerous animal health topics. It discusses tooth care, worm control, ear health, and other topics in it's catalog. Foster and Smith has a customer service line, so that customers can speak to a veterinarian at no charge. Tony likes KV best, the catalog is 170 pages long, printed on newspaper stock with vague descriptions and tiny line drawings. I suggest you make up your own mind. Call a few 800 numbers today and ask them to send you a catalog.

**FINALLY.....**

All directories along with membership card have been mailed out and should have been received in early Nov. If you have not received it, call me so we can correct the problem. We have (hopefully) developed a great new system to keep our members aware of information in their areas of interest, along with cutting down on postage to those who are not interested in certain mailings. If you find you are not receiving premiums or you've become involved in a different area of Dog interest, or you have a new address, call me so I can update my files. Teresa Gimbut (815) 476-9065 Membership Director Our membership is at an all time high and our goal is to keep our members interested, informed and involved. After all we share a four legged interest not to mention the Best darn breed in the country. A breed to be proud of. TAG.

The following are persons you can contact to get on their mailing list.
