All the Pointing breed clubs that use the DesPlaines Area for trials contributed to a fund to repair a club house building on the East grounds. All the labor was donated by 22 volunteers from these clubs. A new roof was put on, a new pump, new plumbing and a new ceiling were put in. The outside was completely sandblasted and painted. Previous to this, the guys worked on the barn building feed boxes, etc. and spreading dirt and gravel. Thanks to Terry Trzcinski for doing a successful job of co-ordinating the work load and work days. Everyone trialing in this area should appreciate this effort to improve the grounds and relations with the conservation management.

Reflections on "A Bit of Heaven", or  
 VCOI FUN TRIAL

It's seven a.m. Monday. The house is still silent. A few of the dogs give an occasional "woof" as a cat walks by. The quail have begun calling to each other - trying to regroup after being used all day Sunday by the VCOI at its annual fall fun trial. Upstairs and around the house my wife Linda, John & Diane (my kids who are not kids anymore), Shelly Ahrens (who can hardly wait for her new Vizsla pup), Kristin Keller, Debby Sullivan, Bob & Sharon Schroader, are all still sleeping. We all crashed about 11 p.m. last night.

Memories of yesterday keep flooding back - I have to write them down fast or they will get away. Tom Harner's field dog "Jake" on lead in one hand, his 2nd place ribbon in the other, a grin of happiness stretching from one ear to the other mumbling over and over to himself and anyone else nearby "that's neat - that's really neat". He's hooked: Sharon Schroader wandering around - smug, self-satisfied, small smile permanently affixed as the pups from the litter she bred did well and scooped up a bunch of those precious bits of colored satin. Kristy Keller limping slightly all day - having a great time even AFTER being bitten in the ass by the neighbors "Junk Yard" dog - Kris received the VCOI "Hard Cheese" award for that bite (the H.C. is awarded each fun trial to the participant that has the worst luck that day). Tom Gaulke almost won it. He lost \$85.00 from his pocket while out in the field. He discovered his loss when half way home. Drove back - Bob Schroader had it (Sharon found it) - that was the "Good News". The "Bad News" was that Bob had also lost \$85.00, which he later found had dropped out of his pants pocket and it was on the floor of the bedroom. Tom and Bob popped for supper.

Thanks! Gordy Crull, Boone County's best hunter, proved that the reputation is well deserved by winning one of the Hunting Dog Stakes and taking second in one of the Young Dog Stakes. Gordy usually harvests 30-40 wild pheasants each year. His friends all respect his two Vizslas, Babe and Sonny who are great ambassadors for our breed. Vern Fasse floated home. Gunner (2 yrs in June) handled four birds cleanly in two stakes, took a 4th, took a 1st, was Dog of the Day, which an award given to that dog whose performance comes closest to the ideal for the event that he is in. Gunner joins a list of Dog of the Day winners that includes many of the Vizslas breeds' all time greats. John and Sue McMorris almost didn't come, they were sure that Faline would not do well and embarrass them, would run back to the car, etc., etc. Instead she won first in one of the Young Dog events. More importantly, she won with a ground covering course that was among the best of the day. They stayed all day, are joining the club, are hooked on field trials. John is new to the breed. Sue was at the Nationals at Volo with her father many years ago. Welcome back. God cooperated with good weather, except for one inch of rain, hail, tornados sighted, wind, all between two and three p.m. No harm done, except my hay crop is now plastered to the ground. New faces everywhere - families having fun together - some will be back - some not. You always worry, did I turn anyone off, will they be back. Don't worry. If they don't come back, nothing was lost. As the sign on the locker room wall says, "When the goin' gets tough, the tough get goin'."

Eight dogs were called to try to complete the VCOI requirements for its coveted Certified Hunting Dog award. Only two succeeded - Verne Fasse's Crazy Corey and Gordy Crull's Sonny were the only two that comprehended that fetch meant come back with the bird. The placements were:

## HALL OF FAME UPDATE

Ballots are in and counted. The winners of this year's Hall of Fame awards are FC & Can. FC Ripp Barat and DC, AFC, Can., Mex., Int. Ch. Sir Lancelot. The Hall of Fame award will be presented to the owners of these magnificent Vizslas at the dinner on Thursday, October 29th. The blood from these two legends flows in the veins of so many of today's super stars.

In case you have forgotten, let me once again review their resumes from their letters of nomination.

### Am. & Can. FC Ripp Barat - 2/2/59 to 5/29/74

Ripp started his field trial career as a Derby dog by winning Open Derby and Open Shooting Dog at the same trial - the VCA Fall Field Trial in 1960. From that time until he retired in 1969, he had close to 100 wins and placements - 22 from VCA placements (11 first places). In 1967, Paul Sabo and Ripp were flown to Belgrade, Yugoslavia as guests of Marshall Tito. This was done in order to upgrade the breed in that country. Ripp was a prepotent sire as shown by a large number of his progeny that have gone on to become field and bench champions. He truly left his mark on the Vizsla breed.

### DC, AFC, Can., Mex., & Int. Ch. Sir Lancelot - 4/1/66 to 3/18/74

During his career besides obtaining all his titles, he had the prestige of being one of the top field dogs in Vizsla history. His contribution to the breed lives on in his offspring. "Lance" has given to the breed two National field champions, Amateur National champion, Dual Champions, and countless number of field and show champions. His name appears in the pedigree of many of our top Vizslas of today. It is our belief he was a major contributor in making the Vizsla what it is today...a breed to be proud of!

These dogs are "gods" among Vizslas. These are the names that one would use to cast spells. These are the Vizslas that come along but once in a lifetime, and with their exploits become legends in their own time. Often the greatness of a man or an animal only becomes evident long after they are gone, it was not so with these two. The stamp of greatness was there early in their careers. They join the following Vizslas in the VCA Hall of Fame: 1978-DC Futaki Darocz and FC & AFC Jodi of Czuki Barat; 1979-DC Behi Csinos Csiny, CD, and DC Weedy Creek Lobo; 1980-Ch. Csinos V Hunt CDX, and FC Weedy Creek Dutchess.

Congratulations to the winners!

According to the Hall of Fame procedures, one member will drop off the HOF committee at the Nationals and a new person will be selected. The term of service will be three years. This year the person selected must come from the west. In this way, the Nationals will be in the west when the person selected serves as Chairman of the HOF committee. I have sent a letter to all western club secretaries asking for names to be submitted for Board consideration. In general, we want persons who are honest and good at paperwork, who want to serve for three years, who have been around the breed, who are perceived to be interested in more than one facet of Vizsla competition. There is a lot of paperwork and many deadlines to meet. Timeliness is vital. So many steps in the HOF selection process depend on things happening on time. If you belong to a western club, see your club sec. to volunteer. If you do not belong to a western club, and want to serve on the HOF committee, send a letter to me outlining why you would be a good selection. The Board will decide this in Nebraska. Send questions or letters to: Jim Busch, 303 Edson Rd., Poplar Grove, IL 61065. The sooner the better, but not after October 20th. It won't get here in time.

## TOP TEN

Break out the champagne. Another full year cycle of field trial competition has been completed and two #1 dogs are sitting at the top of the field trial heap. A toast to FC Cody's Dark Star and Ch. Behi's Jeri Redef. May their careers be long and their wins be numerous. FC Cody's Dark Star is owned by Charles Spalding of Idaho and is trained and handled by Denes Burjan. Ch. Behi's Jeri Redef is owned, bred, and trained by handler and author B.C. Boggs of Ohio. The #2 dog on the Amateur list is also owned, bred, trained and handled by B.C.B. It is rumored that the soon to be released 2nd edition of "The Vizsla" authored by B.C.B. will be a testimonial to the field prowess of this pair of outstanding cousins. We along with the rest of the greater Vizsla community can hardly wait. My first edition is so dog-eared from reading that I plan on buying two this time. One to read and one to keep. I saw an ad in the American Field for a signed copy of the first edition. It was offered for \$25.00. That's close to three times the purchase price. I digress...Jeri is close, so close to her field titles that each time she runs a title is there to be earned. Fantastic pressures build when this is the case. Hopefully the "blues" will come early this coming season and Jeri and Cliff can point to the Nationals with the pressure off. Denes and Cody appear to be ready for Nebraska. Over and over as I do the Top Ten, I see Cody placing two or three times in a weekend. This is the kind of consistency that is hard to beat in a two series championship. Most of the dogs of any breed find it hard to place (not win, just place) in one out of six entries. Cody, by regularly placing two or three times in a row, becomes a strong favorite to take the National championships in Nebraska. Good Luck to both of these fine top winning gun dogs in their fast approaching fall season.

Help - I need help. There are blanks in the listings of several dogs on the Honor Roll. Chesty Puller, KC Bello, Kip, Beau Jangles....please don't be bashful, everyone wants to know the breedings and birthdates. Even if the owner or breeder doesn't care, the owner of the sire should. The ability of his stud to produce winners directly affects the number of stud services he receives.

Why no Puppy/Derby Top Ten? It is my belief that the Puppy/Derby Top Ten serves only as an ego trip for the owners and handlers of the dogs involved. It is not a means of breed improvement. It encourages cheating by breeders. It encourages owners and handlers to enter young dogs before they are ready and to keep them in competition long after anything is left to be learned in the Puppy/Derby stakes. Any pro can point to young dog after young dog who never made it in the adult stakes because of the bad habits he picked up during Puppy Derby campaigning. My hat goes off to those handlers, pro and amateur, who vary the competitive exposure of their young dogs according to what benefits each individual pup. Money is the only thing that limits how often a dog can be entered. What's best for the dog should determine the number of times the dog gets entered!

The lure is there for pro and amateur alike. The ego trip for an amateur who beats the pros and runs the #1 P/D is very large. The pro who does not have pups on that list runs into problems getting clients. He above all must be successful in all phases of dog competition and that means Puppy/Derby winners at any price. The pro also is subject to pressure created by ego (his own and that of the client).

The mere existence of a top ten Puppy/Derby list acts as a carrot that encourages competitive behavior that is not beneficial to our breed. I will not be a part of that scene.

By the way, Jim Busch said all that!!!
